Dear Colleagues,

On behalf of the World Federation of Music Therapy (WFMT), I am wishing you an inspiring IV. Latin-American Music Therapy Congress and productive meetings of the Latin American Committee of Music Therapy (CLAM) in Bogota, Columbia.

Music therapy has a long-standing tradition in Latin-America and we are delighted to have many countries within CLAM (i.e., Argentina, Brazil, Chile, Colombia, Cuba, Mexico, and Uruguay) supporting the work of WFMT through their organizational membership and commitment to the global development of our profession. We are excited to witness the continued growth of music therapy for health and well-being of individuals and various populations in your region of the world.

As we are celebrating the 25. Anniversary of the World Federation of Music Therapy in 2010, our appreciation goes to Dr. Rolando Benenson (Argentina), the first WFMT President and all international leaders at this time who had the vision of creating an international music therapy organization to support the global development of music therapy and learn from each other across countries and nations. As you gather for the IV. Latin-American Music Therapy Congress, you have the opportunity to keep the spirit of sharing knowledge and experiences alive.

Enjoy the time of sharing your passion and music with like-minded colleagues and be inspired by new perspectives, knowledge and the lively city of Bogota, Columbia.

Sincerely yours,

Petra Kern, MT-DMtG, MT-BC, MTA, NICU-MT
